**Congratulations from SoulTrail!** You've been given a thoughtful gift by an awesome person who obviously cares about you. Notching down the pace and changing up the scenery can work wonders for a personal reset, or to mark a special day or occasion. The idea behind the Personal Day Retreat is to enjoy a refreshing change of pace & place, the healthful vibe of the forest and a restorative day-long dose of peace and quietude, supplemented by some personal development program content that you get to choose!

Retreat details, location, and descriptions of all the Experiences you get to choose from are online at [soultrail.ca/day-retreat](https://soultrail.ca/day-retreat)

If you have any questions feel welcome to contact me directly at [soultrail@naturemail.ca](mailto:soultrail@naturemail.ca)
